

Heidelberg, DKFZ, Im Neuenheimer Feld 280
Monday, January 28, 2008, 16.00 – 19.30 p.m.

Introduction:

The workshop is initiated and organised by the ELIC (European Leukemia Information Center) represented by Dr. Gökbuget and K. Ihrig. The major focus is on a **practical and pragmatical approach** to plan, initiate and conduct IITs within the Leukemia Net (ELN) and will consider experience from other international European working groups as ECRIN (European Clinical Research Infrastructure Network), EORTC (European Organisation on Research and Treatment of Cancer), EBMT (European Group for Blood and Marrow Transplantation) and KPOH (Competence Network on Pediatric Oncology and Hematology).
